# Comparison Google Workspace & Microsoft 365

This overview serves to illustrate the proliferation of applications, urls and names of the most popular office applications. This comparison only applies to web applications and does not take into account any desktop applications (especially for Microsoft products).

## End user interfaces (web comparison only)

This section compares the end user interfaces. The usage types in the first column serve as a rough categorization. The list is probably not exhaustive and quickly becomes outdated.

Category	Google App	Google App URL	Microsoft App	Microsoft App URL
E-Mail	Google Mail (Gmail)	<a href="mailto:mail.google.com">mail.google.com</a>	Microsoft Exchange Mail (Outlook Mail)	<a href="mailto:outlook.cloud.microsoft/mail">outlook.cloud.microsoft/mail</a>
